Every booking's colour tells you where it stands

The calendar uses the colours below. One look tells you who has arrived, whose advance is pending, and which slot is free.

Where bookings come from

Walk-in

Phone

WhatsApp

Booking page / QR

Reserved

Slot held while the advance is pending. If your set time runs out, it frees itself.

Confirmed

Advance received by JazzCash, Easypaisa or cash. The booking gets a 4-digit PIN.

Checked in

The player says the PIN. Any money still due shows on screen.

Completed

Game over, full payment recorded. Counted in the report and accounts.

If plans change

Released

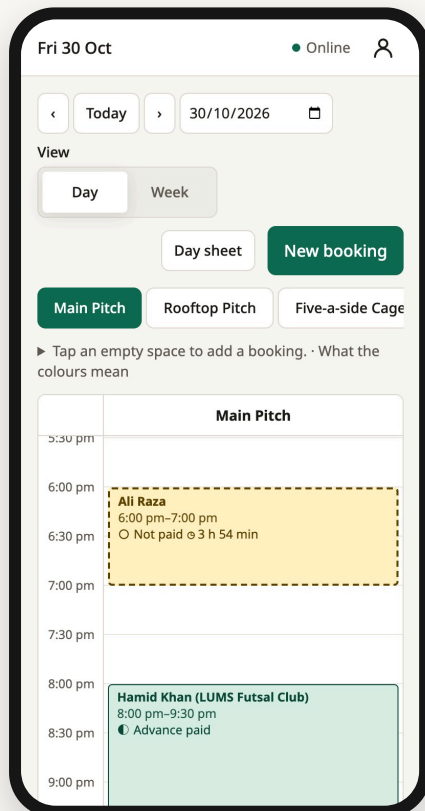

No advance in time, so the slot opens for the next customer by itself.

Didn't come

Mark it a few minutes after the start time. You keep the advance.

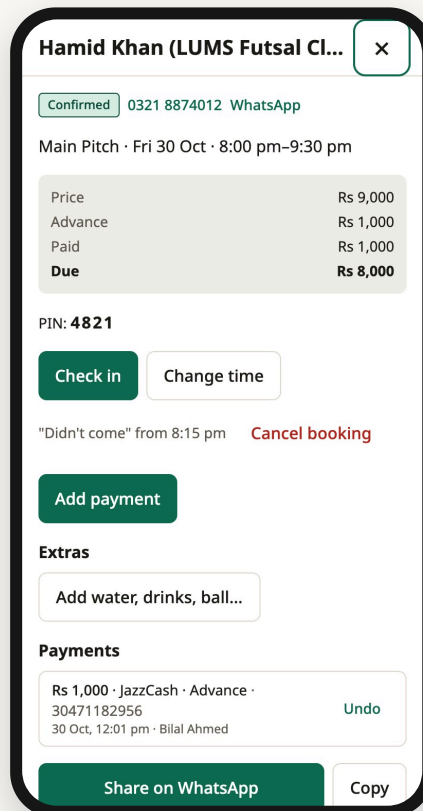

Cancel or change time

Before you confirm, the screen shows how much is owed back.

Booking detail

Everything one tap away

- 1 **Clear money:** price, advance, paid and due, line by line.
- 2 **PIN** for check-in, and the customer's number with WhatsApp.
- 3 **Every payment** with method, transaction ID, time and who took it.
- 4 **Extras:** water, drinks, ball or bibs added to the bill.
- 5 **Share on WhatsApp:** time, advance and your payment number in one message.
- 6 **History:** a record of every change. Nothing is deleted.

No more double bookings or no-show losses

Live calendar

- **Every court** on one calendar, by day or week. A taken slot can't be booked again, from any phone.
- **New booking** by tapping a free space. Type a past customer's number and the name fills in.
- **Peak and off-peak rates** apply by time automatically. You set the booking lengths (such as 60, 90, 120 min).
- **Open past midnight?** Fine. Your business day starts at the hour you choose.

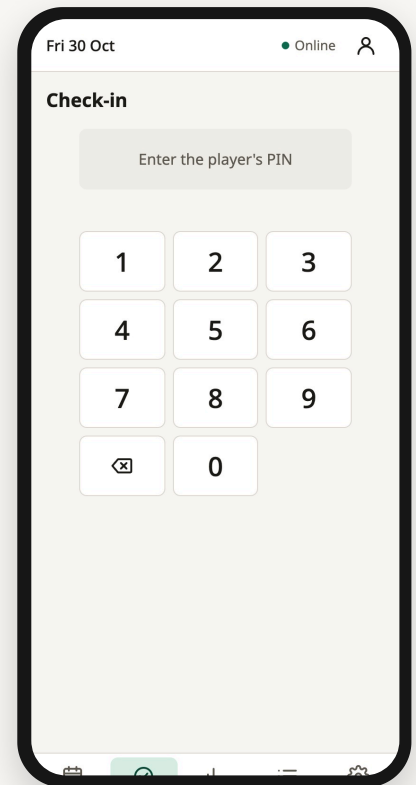

Weekly teams

- **The whole season at once:** choose "Repeat weekly", pick the last week, book.
- **Clashes shown first:** weeks that clash with another booking appear before you save.

Check-in and no-shows

- **PIN pad:** the player says the PIN, the receptionist types it, done. Money due shows right away.
- **Your advance rule:** none, a fixed amount, or a % of the price.
- **"Didn't come"** unlocks a set number of minutes after start. You keep the advance.
- **Free-cancellation window** is yours to set. After it, the screen says what is refunded.

Bank transfer

Every payment keeps its transaction ID, time and receptionist. Only the **owner** can undo an entry, and the undo stays on record too.

Report

Bookings, money received, still to collect, courts used (%), didn't come, expenses and profit. For any day. Send it on WhatsApp with one tap.

Khata and expenses

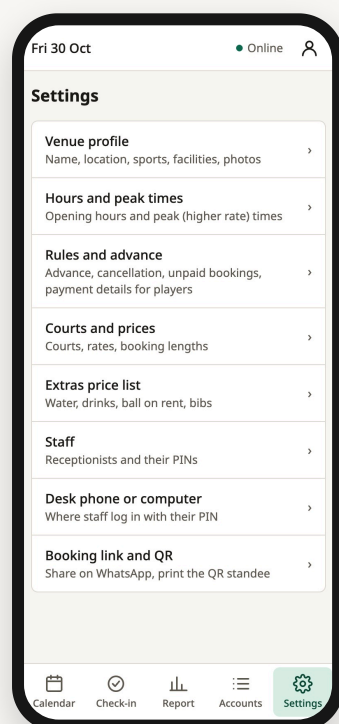

Khata: which team owes how much, and since when. **Expenses:** electricity, generator, salary, rent, repairs, equipment. Profit is worked out for you.

Closing the day

The app says how much cash should be in the drawer. The receptionist counts and enters it. Any gap shows at once, and in your report.

Everything under your control

Staff and desk

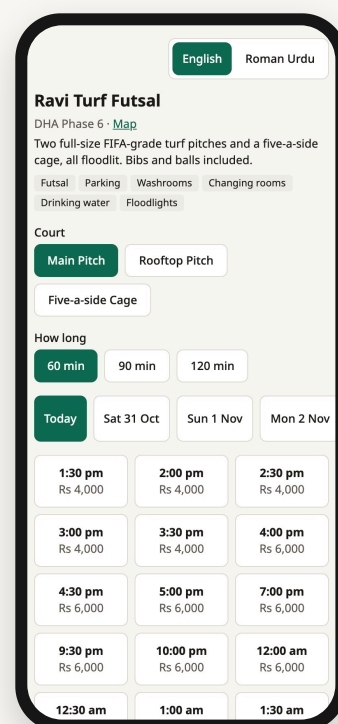

- Each receptionist has **their own PIN**. They log in on the desk phone and switch with "Switch user".
- Someone leaves? Untick "Can log in". They are logged out everywhere at once.

For players

- Your **own booking page** and a **QR standee** for the counter. Players see courts, times and prices and book themselves.
- Players get a booking link to change time or cancel, within your rules.

Internet down?

A yellow "Offline" banner appears and today's bookings stay on screen. Print the **day sheet**, keep working, enter new bookings when back online.

COMMON QUESTIONS

What if the phone is lost or broken?

Your data is not on the phone; it is on a secure server. Log in on any other phone and it is all there.

We are on another booking app too.

Keep it. Enter its bookings here like a phone booking, at 0%. Everything on one calendar.

What if a receptionist makes a wrong entry?

Every entry is recorded. Only the owner can undo money, and History shows it all.

My staff don't read English.

The app is in English and Roman Urdu. Each person picks their language on their own phone.
